<b>Fished</b>	<b>15</b>	<b>526.00</b>			

Very tough and disappointing match for many with the low numbered pegs proving tricky and the fish grouped up no doubt ready for spawning. It was noticeable the amount of work the new owners have done so credit to them for trying to remedy some of the challenges with the fishery.

After a rather slow start a few fish started to show for those fishing the feeder.

There was an awesome peg to peg battle between Andy Zneimer and Rich McCorry who in the end were split by a few ounces. Simon George in corner peg 1 took third ahead of me on the other corner, peg 1. I lost enough fish to win but with some nasty snags in the peg it wasn't to be.

Andy is certainly the one to beat when the venues respond to the method feeder.

Overall a tricky day and the venue does appear as previously thought to be a little uneven due to the shape of the lake.

Next match is at Riverside Road on the 19<sup>th</sup> of May.
