

VAC midweek match 25th

February 2020 at Timberland Fishery Harlow

After meeting at the Canteen Cafe for breakfast we were full of expectation for the match on "Baggers" lake. 13 anglers made it on the day having a few drop out due to circumstances beyond their control. The lake fished ok in places considering that it is winter, at least most people caught.

Simon George continued his excellent form with a good win from peg 9 fishing expanders on the pole line, Alan Thomas was drawn flier peg 1 by Dave Aris, but had a frustrating day losing a few fish due to the debris in the peg caused by the recent storms. Alan caught mainly on the tip tight over and a few late on fishing 14 mtrs down the left margin. Well done to Paul Turner on an excellent 3rd place. Thanks to Barrie Cowley helping me with the weigh in 👍.

The fishery is coming on in leaps and bounds with the introduction of new platforms.
