<b>Fished</b>				

Frogmore once again fished badly for the majority so it was left to Lee Ripper to run away with the match. He caught 47lb of carp up to the island and added 13lb of bream (pictured) from down the edge, all on maggots.

Ray in second had some good carp down the edge on worm and catmeat, pipping Steve who took 3<sup>rd</sup>. He suffered a number of foul-hooked fish which came off and ended up weighing in just two plus 7lb of silvers. This was not enough for the silvers pot which Lee also took, Dave Aris's 8.06 was all silvers so he got the runners-up.

Next week at Riverside and then Greensands on July 31<sup>st</sup>.
