For once peg 23 didn't win, but its neighbour peg 11 did with Roger Browning catching bream and skimmers on worm over ground bait. Second place Stan Kiddle had 2 decent carp and silvers to finish an agonising 3 ounces short. Peg 23 didn't produce carp for some reason but Simon Jee managed to pick of some skimmers and a couple of fls to be the only other person to break double figures. A notable absence of carp and F1s still whilst the water is very cold. Expect weights to rocket up once spring arrives with some warmer weather.
