Despite the Spring-like weather the fishing was still poor. Steve managed to snag two carp on dobbed bread in the last half-hour to add to his few silvers (including 2lb perch) to take a clear win.

No bream bigger than 1lb were seen and only five carp in total landed. Second place Mark lost a carp but his two F1's and a tench plus some roach was enough on a very challenging day.

Third place went to Simon who failed to find any bream from popular peg 11 but managed a small carp and some silvers.
