A very close result on a very hot day where, despite the 30c heat, all had double figures.

The numbers fishing were restricted at the request of the fishery manager and, as it turned out, very few carp were caught. Barry had a few on paste along with some F1's beating Roger's mixed bag on worm.

Richard sensibly went for the silvers, taking 3<sup>rd</sup> with 18lb of which 13.13 were silvers so he picked up that pot as well, mostly roach on maggot.

Andy managed to snag one big carp and topped up with bream and it was just F1's for Steve.

At the finish the water up by the bridge, away from any anglers, was black with carp enjoying the sunshine.
