The recent heavy rain had topped up the water level but knocked the colour out of the water so we found the fish very spooky and finicky today. Whilst most people had carp I set my stall out for ide as they can be good weight builders. Steve Burfoot had a good run at the start of the match and whilst I had a few ide at the start as did Clive the last hour or so was much better after changing to a very light rig and tiny gamma black hook which saw most of my weight with quality ide averaging over a pound up to around 2lb. Very few barbel showed. Simon caught carp on maggot by mugging them and Roger had an even mix of carp and ide.
