The water level at How End was noticeably down and the water was very coloured making the ide far less active than normal.

Roger got off to an epic start from peg 11 which is one of the stronger pegs on the fishery. It didn't look like anyone would touch him after an incredible run of fish at the start and then he slowed down. Allan caught steadily through the match barbel at first, then ide up in the water, then carp. He missed the net with a 5lb carp when the tilt mechanism flopped the net down as he was putting the fish in the net and he ended up missing the net. Doh !

Both Barry and Brian caught well in burst, Brian on his bread. Elsewhere many struggled but the fish caught by many were good quality with some barbel approaching 6lb and carp knocking on for double figures.

A photo finish saw Roger take the win but just 2lb 7oz over Allan and Brian Lakin taking third.
