Having fished on Thursday and blanked in the crystal clear water I was not hopeful. I'd walked round on Thursday and seen a huge group of carp in peg 20. Maybe 100 fish, so was hoping to get peg 20 but got 19 and Steve Burfoot was on 20.

Whilst everyone struggled Steve had eight carp and lost several. Dan was unlucky to lose three good carp fairly early on. Barry managed a carp of 6.05 and I had a small one sub 2lb.

That was about it apart from Roger Brown's three skimmers, two coming in the last two put-ins which was enough for the silvers pool.

Back to Frogmore next week which should be better with some colour.
