20	Trevor Franics	DNW		57	
21	Julien Fletcher	DNW		14	
<b>Fished</b>	<b>21</b>				

An excellent turn-out which included a good number of non-members this time. Good weather at the end of a mild week encouraged the fish to feed and the good number of double-figure weights demonstrates the quality of this fishery.

As usual, the day started for most with one of Mark's excellent breakfasts. A reminder that all profits from these matches are being reinvested in facilities at Riverside.

Winner of the first match was Tim Jones and, two weeks later, he's won again, this time from the disabled peg by the club house using (unusually for this peg) a method feeder. His almost 45lb was nearly double that of second place Richard Wylie on 18. This is also an excellent feeder peg.

Elsewhere weights we mostly from known-good pegs on the pole, mostly small carp with quality roach, perch and the odd bream included.

Mark Jones is running one more Friday match in the November series on the 30<sup>th</sup>. Details on <https://www.facebook.com/groups/1073724222699358/>

Winner Tim .....and runner-up Richard
