Two pegs not normally used, 29 & 33, were 1<sup>st</sup> and 2<sup>nd</sup> today. Roger had a great mixed bag; 39lb of carp and 21lb of silvers for first overall and first in the silver pool.

Chris had all carp fishing down the edge but lost easily enough to have won.

Martin was once again fishing up in the water on his slapping rig and he had nearly 12lb of silvers in his 534lb for second in the silvers pot.

Andy was unlucky to come just 4<sup>th</sup> with a great weight from peg 32.
