View from Simon's peg. You can just see winner Tim on the far-right of the picture. He found that he could only catch by going very long from peg 11. He had one small carp, half a dozen skimmers to over 2lb and a mix of brown and silver fish, all on either 4mm expander or maggot.

Runner up Chris had the biggest carp of the day, a 5lb'er on bread and added a chub, a few skimmers plus perch and roach from 29. Just a couple of good roach behind was Stan from 51. His catch included a 1lb crucian, 2lb skimmer, a big perch, 3lb carp and lots of net roach, mostly on caster.
