Martin Leonard has been a regular on the VAC Tuesday matches since joining this year so good that at last he's won one. Not only taking the main pool, his bream went 9.12 so he bagged the silvers pot as well. Sat on peg 30, he learnt from his mistakes (he drew the same peg two weeks back). Fishing dead maggot at the base of the slope he picked up fish steady through the day, losing no carp did bump a few bream.

Second place went to Barry who had the joy of being on 16 with the rain and wind blowing towards him...and it was just 4c. This prompted Barry to swap to a feeder over to the point opposite peg 18 - his net of small carp was good on a very hard day and just one short of a win.

Third was well deserved by Martin Boddy. Away from the others down on 23 he had perhaps the worst of the weather.

Chris Smith took the silvers runners up. Overall a very tough day; cold, wet and windy with the fish mostly in winter slumber.

Next week at Silsoe Spring Fishery (change from Frogmore)
