Winner Ray Cormack (right) pulled out newly refurbished peg 23 – first time in a VAC match for 5 years – and was the only angler to get a good net of carp.

Dan was in the frame again, in 2nd place, with his net of mostly skimmers caught shallow.

Richard struggled on 22 with only one carp (on the method) but added enough bits to make 3rd place, denying Steve a pick-up for the first time in many weeks.

Weights were roughly down by 50% compared to the previous midweek match, the carp having an off-day for a change.
