Another excellent turn-out for this last-of-series match which included a good number of non-members. Good weather at the end of a mild week encouraged the fish to feed and the weights were good for those drawn on the carp which seemed to be balled up in certain pegs only.

With Tim Jones (who won the previous two matches in this series) it was good to see another Jones (organiser Mark - pictured) draw hot peg 48 (conveniently when he was already parked) to catch small carp steadily through the match. Good Karma I say given his hard work producing all those great breakfasts.

One carp behind was guest John Whyman with carp caught on light pinkie rigs tight to the near bank. And it was another guest, Tim Francis, who got to grips with flyer peg 22 and almost 23lb.

Aside from carp there were some fair catches of other species; Jon Owen found the crucians on peg 11, just beating Stan Kiddle to the top 'silvers' prize by 1oz. Stan's catch included two big perch to 2.06 as well as a small tench and 2lb skimmer.
