Barry had a great day catching carp shallow on pellet. His biggest fish was a ghostie of 11.01.

Alan had six carp and 10lb of silvers on the pole and Simon had his four carp on the feeder.

Steve's two carp were had on the pole along with 12.13 of silvers but it was Roger who won the silver's pool (again) with 21.13 of skimmers.

Overall a much better day than the recent Frogmore results.
