With the ban on matches at Frogmore likely to continue until the New Year, the Match Committee have now booked Damsel Lake on the alternate weeks to our Tuesday Riverside Road fixtures up until December.

Alan Thomas had an easy win this week from flyer peg 16, pole fishing along the spit with pellets. He had a steady stream of carp through the day, reporting six lost amongst the reeds. With plenty of 'silvers' as well he took both pools.

Steve was some way behind in second catching mostly on the method. Simon only had the one carp, also on the method as generally it seemed that the lake had switched off (except for Alan).
