The second win in a row for Barry Cowley on a day when Willow lake fished unbelievably hard. It was just a few bigger fish that decided the top three, all from the far end of the lake. Winner Barrie had just three carp, including a pure white one; one on maggot, the others on worm. Nearby Martin Leonard fished the pole for just two fish, one a stonking bream of 5.12.

Taking the third place on the podium was Matt. He struggled for a few sprats all day then bagged two small carp in the last few minutes of the match, dobbing maggots tight to the rushes
